Project Name	FitBuddy – AI Fitness Plan Generator

Customer Problem Statements

Problem Statement	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A beginner or regular fitness user	get a workout plan suited to my goal and intensity	generic plans may not match my needs	creating a suitable routine manually takes time and knowledge	uncertain about what to follow
PS-2	A user following a generated plan	adjust my routine when my preferences change	static plans are difficult to personalize	there is no simple feedback-driven revision flow	frustrated when the plan no longer fits
PS-3	A fitness user	receive simple nutrition/recovery guidance	workout and recovery advice are often separated	I need quick actionable guidance alongside the plan	less confident about recovery
